$2,000,000 Will Be Provided For Fish In Washoe Project

Significant Action Is Taken In Bill Signed By President

In a significant decision for wildlife, $2,000,000 for the Truckee river and Carson river fishery are written into the authorization bill for the Washoe Reclamation project, signed last week by President Eisenhower.

The funds, written into the bill at the insistence of the California and Nevada fish and game commissions, prompted by the Truckee Outdoor Sportsmen and other organizations, would provide two primary facilities:

1.—An $800,000 fish hatchery below the Watasheamu dam on the East Carson river, to be operated by the Nevada Fish and Game Commission.

2.—A storage reservoir on the north fork of Prosser creek which will provide for a minimum flow release in the Truckee river downstream from the Lake Tahoe dam.

Production from the Watasheamu hatchery would be primarily for the rehabilitation of Pyramid Lake, once world famous for its huge cutthroat trout. However, the fishery dwindled to virtually nothing when diversions from the Truckee cut off spawning areas for the cutthroats.

Water from the proposed Prosser creek storage would be exchanged for water released from Tahoe for the Truckee river fishery. Heretofore water releases to the Truckee have been cut in the spring and fall at times when rainbow and brown trout were at the height of their spawning season.

It is expected that a minimum flow of from 50 to 70 cubic feet per second will be maintained at all times in the Truckee river as a result of the Prosser creek storage.

Official Scan Scar Over Emerald Bay

Three officials from the state division of beaches and parks last week had a first-hand look at the damages caused by the slide last December which perhaps permanently ruined the highway above Emerald Bay.

The three, Newton B. Drury, chief of the division, Joseph R. Knowland and Guilford Whitney, members of the commission, accompanied George Kehlet of Meeks Bay and Don Huff of Homewood, officials of the Lake Tahoe Sierra Chamber of Commerce, on an inspection trip of the region.

While they made no definite commitment, the three agreed that the slide was deplorable and said they would urge action by the division of highways to find a suitable route. It has been charged by Drury that building a bridge over the mouth of Emerald Bay would detract from the beauty of the area. Proponents of the crossing contend that a picturesque bridge would add to the beauty and certainly prove a great asset to the motorist and the public as a whole.

State Forester DeWitt Nelson accompanied the party on the trip and attended the informal meeting.

It is believed by those close to the scene that the road will not be reopened this year. It may be used eventually as a detour while a new highway in the area is being built.

FOOD SALE WILL BE BENEFIT AT TAHOE

TAHOE CITY — The Women's Club of Tahoe City is completing plans for a food sale to be held Friday, August 31, between 10 a.m. and 4 p.m. in the Village Store at Tahoe City.

The event is to be in the nature of a benefit for Mrs. Eleanor Swanson, for many years a resident of Tahoe City and affectionately known as Swanee. Swanee recently suffered a stroke which paralyzed her right side and will be under the care of a doctor for some time.

Voluntary contributions of money will be greatly appreciated. The interested members are concentrating efforts to make the sale a successful one.

Registration At Schools Starts On Wednesday

Pre-registeration for new pupils from the 7th to 12th grades, is scheduled at the Tahoe Truckee High School for Wednesday, August 29, from 9 a.m. until 4 p. m. and on Thursday, August 30 from 9 a.m. until noon. Bill Sciutto, principal, would like all those who have not registered in the spring to make a special effort at this time to register.

DeMOLAY TO MEET

Following the usual summer recess, meeting of the DeMolay Chapter will start again on September 5th at Masonic Hall. Councilor James Crawford will be in charge of the session.

Sanitarian In New Health Program Is Located In District

Wendell E. (Gene) Dungan, area sanitarian under the new county-state health contract program, has arrived to take up his duties in the eastern end of the county and for the time being will have headquarters at Cook's Plumbing.

The arrival of Dungan marks the first step in establishment of the new health setup under which the state and county share the costs. The new sanitarian is working under the division of local health service with the state department. He will make his home here and be on a permanent basis to assist in local sanitary problems.

W. F. Winans, who has been the county sanitarian, now will be the district sanitarian in the western end of the county.

Dungan said he will ask the full cooperation of other agencies in his work here and promises a thorough approach to local problems. He will be joined later by a full-time health nurse who will work with Dr. L. D. Nelson, assistant county health officer.

POT LUCK PICNIC TO BE STAGED BY PTA

Mrs. Eve Hallett, recreation chairman of Truckee elementary school Association of Parents and Teachers announced this week that the group in conjunction with the association of the Tahoe Truckee high school will sponsor a pot luck picnic August 26 at 1 o'clock at the west end of Donner Lake.

The affair is to welcome newcomers to meet the teachers of the local schools, Mrs. Edward Frates, president of the elementary school P.T.A. stated.

Miss Betty Raker will be in charge of entertainment for the afternoon.

Fair Official Speaks At Meeting Of Rotary Club

John Mayer of Grass Valley gave an interesting talk on the Nevada County fair which opens today and ends Sunday at Grass Valley and urged all local people to attend. Mayer spoke before a meeting of the Rotary Club at Donner Lake Lodge Monday evening with James Sherritt and program chairman and R. R. Frank presiding.

Hal Welch, president of the Truckee Chamber of Commerce, discussed the proposerd airport and the progress being made to secure that asset.

The next meeting of the club will be held at Reno Monday when the club of that city is sponsoring the annual barbecue at Idlewild Park.

Tribute was paid Leland Nisbet, a popular member of the club who expired Sunday.

Visitors included E. L. LePire, Ralph Bly, Robert Pomin, James Martin, Len Bury, Bill Wilt, Cliff Anderson, and Robert Wray all of Tahoe, Felix Merz of Walnut Creek, Norman Beiliff of Fair Oaks and Ray Hartsten of Pleasant Hills.

TWO BIRTHS THIS WEEK AT HOSPITAL

Two births were recorded at the Tahoe Forest Hospital this week.

Patrick Anthony Smisek arrived Monday at 12:30 a.m. to join the family of Mr. and Mrs. Leo Smisek of Truckee. He weighed six pounds, two ounces.

Mr. and Mrs. Peter Blair Johnson of Squaw Valley welcomed the arrival of Peter Blair, Jr., who was born at 3:55 a.m. Monday and weighed six pounds 15 ounces. Dr. L. D. Nelson was in attendance.

Loses Finger

Aaron Thomas, employed by the Sierra Pacific Power Company lost the middle finger on his right hand and the index finger was badly crushed in an accident last week. He was taken to the Tahoe Forest Hospital where Dr. L. D. Nelson treated him. He was working on a power pole when the mishap occurred.

NOTARY PUBLBIC

SACRAMENTO (CNS)—The secretary of state announced issuance of a notary public commission to James R. Morhain, P.O. Box 1238, Truckee.

Sparks Suspect Is Nabbed By CHP Following Holdup

Suspect Surrenders To CHP Officers After Found Sleeping In Car

Lawrence Richard Cheshire, 24, Sunnyvale, was booked at the local jail en route to Sparks Monday on charges of grand theft, kidnapping, armed robbery and carrying a concealed weapon.

Cheshire was arrested by State Patrolmen Earl Crane and R. Rodger after he was accused of holding Arthur Silva of Sparks at the point of a gun and forcing him to drive his car into California. Just inside the state line, police were advised, Cheshire forced Silva out of the car and continued west.

State Patrolman William Gautsche was notified of the robbery at 3:30 a.m. and a check at the state quarantine station revealed the suspect had gone through there. Rodger and Craine were notified by short wave telephone and found Cheshire asleep in the 1956 Pontiac convertible near Ski Ranch on Donner Summit. He offered no resistance and surrendered the .22 calibre revolver which he carried in a shoulder holster.

Sergeant Frank Snyder of the California Highway Patrol said a check of Cheshire's record showed he was paroled from the New Jersey reformatory in 1953. He has at least ten arrests on his recrod, the officer declared.

Youth Conference Here On October 13

The annual YMCA Youth Conference will be held Saturday, October 13 at the Tahoe Truckee High School.

Plans are already underway to make this conference more youth centered, and more youth panels will be used to push discussions on practical youth problems.

Rudy Albrecht, Mountain District YMCA secretary, was in Truckee Friday to meet with local school administrators and teachers and to complete arrangements.

Downieville and Loyalton have accepted program responsibilities for this year's conference.

Twenty high schools will send their leading students to discuss such important matters as narcotics, moral issues, and citizenship responsibilities.

Albrecht was accompanied to Truckee by Carl Metzger, secretary of the San Jose YMCA.

FOOTBALL TRYOUTS START AT HI SCHOOL

Football practice at Tahoe Truckee High School started on Monday and will continue this week from 10 a.m. until 3:30 p.m. each day, according to Stanley Drakulich, football coach for the school.

Potential players will be given a physical examination in the school gym at 7 p.m. Monday, August 27.

Drakulich, recently of Reno, has arrived with his wife and two children. The family will live in one of the houses adjacent to the school edifice.

Driver Back For Another Stay In County Jail

Melvin C. Badsgard, 47, who served 10 days in jail two weeks ago on a drunk charge, was sentenced to 180 days in jail this week for drunk driving after appearing before Judge F. W. Wilson. He was arrested by Patrolman Martin Sturcke.

LAKE LEVEL

TAHOE CITY—The level of Lake Tahoe Monday was 6228.75 with three gates open. A trace of rain fell Sunday and .07 of an inch on Monday. Temperatures ranged from 41 to 76.

SUSPECT HELD

Lambert L. Moffit, 26, Pennsylvania, was being held in jail here on a charge of stealing a car at Lake Tahoe. He was arrested by the California Highway Patrol.

License to Wed—

Gordon W. Stewart, 19, and Carolyn Trent, 17 years old, both of Truckee were issued a marriage license at Reno, within the week.

SUNBEAMS

By WALTER M. BARRETT

The Nevada County Board of Supervisors is seriously considering a county sales tax and unless some definite agreement can be reached whereby unincorporated areas can benefit or if it cannot be shown where the action will result in a very substantial decrease in prevailing taxes, we would naturally oppose the move. We can think of no fairer method of taxation, but unless those paying it can be assured of a return from the money spent, they would be silly to support the action. This offers another good reason why Truckee should be incorporated, but since it is not, and since there seems little interest in that necessary step, we may well look forward to an additional cost from which we can expect no benefits.

* * *

Our state and county will be on display this month when the 17th Agriculture District Fair opens today through Sunday and the California State Fair starts August 29 for 12 days at Sacramento. Both fairs will prove interesting and educational and we would urge attendance at both to show us in brief the great resources of our state and county and to enjoy the fun being provided.

YOUNG BOY HELD ON CAR THEFT CHARGE

A 14 year old Sunnyvale boy was being held here today following his arrest by State Patrolman Carroll Maynard on a car theft charge. The boy admitted, the officer said, to taking the car from Presley D. Best, Reno, whom, he said he met at a boys' camp near Portola some time ago.

The boy said he accepted Best's invitation to visit him in Reno but unusual circumstances, he added, caused him to want to leave in a hurry so he took the car and $10 belonging to his host.

The car was wrecked near Hobart Mills this morning and Arthur Kehm and Gale Brown, two division of highways employes, took the suspect to Truckee and turned him over the officer here.

HUFF SON IN LAW IS VICTIM OF CANCER

Mr. and Mrs. Don Huff of Homewood Resort were in Woodland last week to attend the funeral services for their son-in-law, Robert S. Brown, prominent Yolo County businessman, who expired there Friday. He was 35 and a graduate of the Woodland High School and University of California at Davis. Death was due to cancer.

Brown leaves his parents, Mr. and Mrs. T. E. Brown, his wife, Jean, two sons, Robert S., Jr., and Richard Huff Brown and a daughter, Constance.

Initiation Ceremonies Conducted At Meeting

Initiation ceremonies were held August 15 for Donner Council No 13, Pythian Sunshine Girls with Ireda Harris, royal princess presiding at the meeting.

Diane McGihon and Ellen Lyons are new members of the group. Visitors included Mrs. Beverly Wilson, Mrs. Alberta Hogue, Mrs. D. McGihon, Mrs. Theresa Lyons and Mrs. Millie Schumacher.

Refreshments were served by the following committee; Sheri Curran, Marjorie Pearson and Wilma Hensley.

NURSERY SCHOOL

A meeting of mothers interested in starting a nursery school here will be held Thursday, August 30 at 8 p.m. at the Tahoe Truckee High School. Anyone interested is welcome to attend.

On Las Vegas Vacation—

Mrs. Lassie Patterson left Wednesday for a week's vacation in Las Vegas, Nev. Mrs. Patterson's sister, Miss Nancy Collier, left to attend school in Grass Valley after spending the summer here.

County Tax Rate Will Be Cut 25c In Action By Board

Utilities Assessments Given As Reason For Drop In Taxes

The Nevada County Board of Supervisors unanimously voted a 25 cent cut in the tax rate for 1956-57 and set it at $2.05 basic plus 15 cents for Placer county's junior college for a total of $2.20 compared to $2.46 last year when the junior college rate was 16 cents.

The cut was made possible, Supervisor H. G. Loehr reported for two reasons. First, the building fund was slashed and second because of the increase in utility assessments during the past year.

A breakdown shows $1.43 in the general fund; .43, salary; .02, veterans; .17 general reserve. Total basic, $2.05. Junior college tuition .15. Total tax $2.20.

Special district tax includes Truckee fire district, .40; Truckee sanitary district, .49; Truckee cemetery district, .01; Donner Summit Public Utility, .50; Tahoe Forest Hospital, .25; Tahoe Truckee school, $1.55 (set by Placer County).

Salvation Army In Local Fund Drive

N. F. Dolley, chairman for the local committee for the Salvation Army announced this week that an urgent appeal for funds has opened in this vicinity through letters being mailed to local residents.

Dolley added that persons not contacted and who wish to donate to the drive may also send their contribution to Bruno Bellotti, care of the Bank of America in Truckee.

J. D. Herbert, area representative for the Salvation Army is here to assist in organizing the drive and said that the money is deposited in a local campaign account and will be dispersed by the local committee. A welfare fund is maintained in the bank and used to assist in meeting all local emergency needs. Clearance has been given by the Truckee Chamber of Commerce to conduct the drive, Herbert said.

Persons collecting money in this area at other times are not doing so for the Salvation Army, according to Herbert because the local committee supervises all Army collections.

The group headed by Dolley includes Bellotti, Elizabeth Bavier, Walter Barrett, Mrs. I. J. Firpo, George Kehlet, R. N. Little, Burke Arvin.

THREE AUTO MISHAPS REPORTED FOR WEEK

Only three automobile accidents were reported by the California Highway Patrol during the past week.

In the most serious of the three, Charles Sorsenson, a state engineer, was injured when struck by a car driven by Donald Gonzales, employed at Cisco Grove. Gonzales was cited on six counts of traffic violations after Patrolman Martin Sturcke was told by witnesses that he attempted to pass a string of cars stopped for a flagman near Kingvale last Thursday evening.

Sorsenson was taken to the hospital for treatment an released the next day.

Cars driven by Earl Gibson, Modesto, and Gener B. Johnson, San Francisco, collided near Kingsvale Saturday but no one was hurt. Patrolman William Gautsche cited Gibson for being on the wrong side of the center line.

Donald R. Cushing Palo Alto, was cited for speeding after his car went off a curve near Carnelian Bay Friday morning. The driver and Angelo Guttadauro, a passenger, escaped injury.

Visit at Tahoe

Mr. and Mrs. Helma Bergman of Watsonville, former well known Donner Summit residents, have been seeing friends while vacationing at Tahoe City with Mr. and Mrs. Tony Donadio.

Guests—

Mr. and Mrs. Don Schuler have as their guests, her parents, Mr. and Mrs. Jack Reed of Chicago Ill.

Funeral Held Here For Lee Nisbet, Veteran Realtor

Last rites for Leland Gordon Nisbet, 60, a prominent resident of this area for the past ten years, who died Sunday morning at 10 o'clock were held at the Truckee Colonial Mortuary Tuesday at 7:30 p.m. with Rev. Wesley Osman conducting the services.

The body was taken to Odd Fellows Lawn at Sacramento for internment.

Nisbet had been critically ill for several weeks and while his death was not unexpected, it came as a shock to his scores of friends in this area. He had been associated with the Armstrong Realty Company in the development of Donner Lake properties since coming here.

A native of Sunnysouth, Calif., born March 4, 1896, Nisbet spent most of his life in this state and came here from Sacramento.

He is survived by his wife, Mrs. Anna Nisbet; two daughters, Barbara Chivers of Healdsburg and Floria Millerov of Vasser, Mich. There are six grandchildren, Sharon and Sandra Chivers and Maria, Stephen, Barbara and Timothy Millerov. A sister, Mrs. Harry Smith lives in Germany.

The deceased was a member of the American Legion, Veterans of Foreign Wars, the Nevada City Lodge of Elks and the Rotary Club of Truckee, among other affiliations.

HOSPITAL WILL HAVE COUNTY FAIR BOOTH

The Tahoe Forest Hospital will enter an exhibit in the Nevada County Fair in Grass Valley beginning Saturday, August 23rd through August 26th.

The theme of the hospital exhibit is on community health. It will consist of a printed message on mounting board, and a scale model of the hospital building and grounds. The printing was done by W. M. Englehart, Jr., and the scale model of the hospital unit was by Robert Madge, formerly an instructor of arts aind crafts at the Tahoe Truckee high school.

The exhibit is being entered in the interest of public service. There is an increasing demand by communities for expansion of hospital facilities to meet community needs. This challenge is being met by hospitals, and has as its goal the raising of standards of community health through prevention, cure and education, Administrator J. J. McGlade pointed out.

Men Who Evaded Arrest Still Sought For Thefts

Efforts are still being made to apprehend the two young men who evaded officers in an all-night search near Hirschdale two weeks ago after they were seen looting a bus used by workmen near Farad.

Sergeant Frank Snyder of the California Highway Patrol, said it has been learned that the car occupied by the men and abandoned when it ran out of gas, was stolen in Houston, Texas, the license plates were from a car in Wyoming and the loot found in the car came from burglaries in Utah and South Dakota.

Bank Of America Will Have Branch At Fair

A Bank of America branch will be in operation at the California State Fair in Sacramento August 29-September 9 to accommodate exhibitors and visitors, the statewide bank annnounced today.

In charge for the fourth straight year will be John Lemly of the real estate development department at the bank's Sacramento main office.

He will have eight fulltime assistants plus two more to help with peak Saturday, holiday and evening crowds.

As in other years, the state fair branch will be located beneath the main grandstand.

Jail Sentence

Frank A. Dallimore, Walnut Creek, was sentenced to 60 days in jail on a drunk driving charge when he appeared this week before Judge F. W. Wilson. A companion, Walter A. Wright of Oakland, was sentenced to 25 days for being drunk in a car.

School Board Will Oppose Inclusion In College District

This District Would Supply Fifth Of Cost With Few Students

With Reginald Smart, president of the Tahoe Truckee Unified School District board of governors, casting the only dissenting vote, the Placer County Committee on School District Reorganization Tuesday night at Auburn voted nine to one for inclusion of the local school district in the Sierra Junior College district.

Smart was the only member of the local group, including Superintendent John Corbin, Jack Felte and Herbert Obexer, entitled to vote on the question.

Opposition to the inclusion, however, was voiced by the others from here, who pointed out that while this district has one-fifth of the assessed valuation for tax purposes, it will provide only one-twenty-fifth of the enrollment.

The local delegation, in opposing the inclusion, stressed the facts that the program will create an undue burden on the local taxpayers and not provide adequate service for the students.

The anticipated tax rate would be 36.6 cents per $100 assessed valuation, double the amount now required. That would include 21.9 cents for operation and 14.7 cents for retirement of bonds.

This district, Corbin pointed out, would have a registration of only 11 students in a college with an enrollment of 550.

The matter still must be decided by ballot and there is a possibility that it may be defeated, although that possibility is rather remote.

The five members on the committee represent Lincoln, Placer, Roseville, Tahoe Truckee and districts and one for outside organized high school district.

Last Rites Held For Reuben H. Welch

Mass for Reuben H. Welch, 61, well known resident and plumbing contractor at Kings Beach for many years, was read by Father Leo McAllister at the Truckee Catholic Church Saturday at 10 a.m. The Truckee Colonial Mortuary was in charge of arrangements.

Welch died Thursday in a Reno hospital following a lengthy illness. He was a native of Washington and a veteran of the first world war. He came to the Lake Tahoe area from Auburn.

Surviving are two daughters, Mary Lynn and Audrey Welch, both of Kings Beach; a sister, Myrtle Welch of Auburn and a brother, August, of Sacramento.

The deceased was a member of the Rotary Club of Brockway and was widely and favorably known throughout the area. Friends will join in extending sincere sympathy to the family.

MORE FIRES START IN FOREST IN AREA

Three man-caused fires in the Kings Beach area last Wednesday through Friday swelled the total to 12 started by people and 15 by lightning for the current season, Henry Toccalini, dispatcher of the Truckee District of the Tahoe National Forest, reported.

Children playing with firecrackers and two careless smokers began blazes which were quickly extinguished by the North Tahoe Fire Control crews and the forest service suppression crews. Little damage resulted.

TONINI WINS GOLF TOURNEY AT TAHOE

At the meeting held last night at Squaw Valley, Frank Gaiennie presented the Lions Club's annual Dick Little one-club golf trophy to Elden Tonini. The game was played Wednesday on the Tahoe City golf course. Visitors at the meeting last night included John Wright, Berkeley; Allan M. Lewis, Tahoe City; Ken Hedlund, Truckee; D. H. Maffley, Berkeley; Barney White, Sacramento; Jack Evans, Houston, Tex., and Bruno Belloti of Truckee. Roy Waters presided at the meeting.

New Principal Pleased With School Setup Here

C. W. Sciutto, who has arrived here from Geyserville to be principal of the Tahoe Truckee High School, will live with his family comprising Mrs. Sciutto and two daughters, Luisa and Susana, and son, Gary, in the Donner Lake area.

Sciutto expressed himself as pleased with the fine educational facilities here and with the friendliness of the people of the area.

The new principal taught at Quincy, Barstow and Elk Grove before going to Geyserville where he had been for the last 12 years.

Spaulding Pupils May Be Taken To Nevada City Schools By Bus

Whether the eight pupils in the Lake Spaulding area will continue to attend the Donner Trail school or be transported to the Nevada City elementary school is expected to be decided at a meeting of the Nevada City school board on August 21.

Some members of the board favor purchase of a station wagon to transport the pupils to Nevada City since the tuition cost at Donner Trail school has been advanced from $509.05 per pupil to $900 for the coming year.

Parents voiced preference for the Donner Trail school since their children have been attending there and are accustomed to the routine.

Members of the board pointed out that while the costs for the first year at the Nevada City school would be about equal to that at Donner Trial, a saving could be affected thereafter on transportation costs.

Legion Prepares Fight For Passage Of No. 4

The American Legion will fight for passage of California's oil conservation act, "because we believe that oil conservation places national welfare above personal interest, and the American Legion always fights for what it believes is best for the nation," according to Leo Crawford, Legion state commander.

Crawford outlined the Legion's position today in referring to overwhelming endorsement of the conservation act, Proposition 4 on the November ballot, by the Legion's executive board.

In support of the Proposition 4 endorsement, Crawford said, the Legion will put its full resources into the campaign for a "Yes" vote.

"Recent Suez troubles have underscored the need for full development of America's oil resources," Crawford said, "and we cannot afford to gamble on foreign sources where defense of the nation is at stake. Proposition 4 will double California's oil reserves, making it possible to produce an additional four billion barrels of oil that would otherwise have to come from somewhere else. We need this additional reserve for defense strength."

Prior Police Work Not Required By Candidates For State Patrol Posts

SACRAMENTO— Prior police or traffic training is not a requirement for the state traffic officer examination set for October, according to word released today by the California Highway Patrol.

"Successful applicants for state traffic officer positions in the Patrol will be given full training at the Patrol Academy near Sacramento," declared Patrol Commsioisner B. R. Caldwell. "Graduation from high school or equivalent, top physical condition, good character and age 21 to 31 are the chief requirements.

"Other requirements necessary; a height between 5'9" and 6'6", proportionate build, a valid California driver's license and no criminal record," Caldwell continued. "Ability to ride a motorcycle is not a requirement; however, all successful candidates will receive training in motorcycle riding at the Patrol Academy.

"The benefits of a retirement program and the civil service status of state traffic officers offers strong inducements to qualified men to apply for this examination. It is anticipated at least 6.000 or 7,000 young men will file for the written examination before the deadline of September 14, 1956."

Further information concerning the position and examination may be secured from any partol office in the state.

Yellow May Replace Red As Uniform For Hunters

California hunters, at least, soon may be wearing yellow instead of the traditional red protective garb.

Results of what probably were the first methodical tests of their kind in the United States show an overwhelming score in favor of yellow as the best color for deer hunters to wear under California coastal conditions to avoid being shot by other nimrods. The recent tests were conducted jointly by the California Optometric Association, the National Rifle Association and the Department of Fish and Game with the cooperation of Army personnel at Fort Ord.

Last year there were 108 hunters shot by other hunters in the state; nearly one third of these were wearing red clothing. In an effort to reduce such casualties, the optometric, rifle and game representatives developed a series of tests designed to provide a scientific basis for determining what protective color is most readily recognized.

Using 20 Fort Ord soldiers, half of them with normal vision and half of them color blind, the researchers set up a series of colored panels against brushy and scrub oak backgrounds such as coastal deer hunters are most likely to encounter. The tests were made under varying light conditions at distances of 50 to 200 yeards at 50-yard intervals. The testers arbitrarily established a "safe zone" for accuracy and speed of identification of the various colors consisting of correct naming of the panels within two seconds at least 90 percent of the time.

ISSUES RULING

SACRAMENTO —(CNS)— County clerks may not charge the state of California a fee for making and certifying copies of documents filed with counties, Attorney General Edmund G. Brown held today. This opinion from Brown was requested by Dr. Walter Rapport, state director of mental hygiene.

This is the critical period when fires start easily along roadsides, in grass, brush and forested areas. Help prevent wild fires this summer.

NOTICE TO VOTERS

NOTICE IS HEREBY GIVEN to the electors of the State of California that the following Bond Act will be submitted to the People of the State of California for their ratification at the next general election to be held on the sixth day of November, A.D., 1956.

FRANK M. JORDAN,
Secretary of State

FOR THE VETERANS BOND ACT OF 1956 This act provides for a bond issue of five hundred million dollars ($500,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes.	
1	
AGAINST THE VETERANS BOND ACT OF 1956 This act provides for a bond issue of five hundred million dollars ($500,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes.	

This proposed law, by act of the Legislature passed at the 1956 First Extraordinary Session, is submitted to the people in accordance with the provisions of Article XVI of the Constitution.

(This proposed law does not expressly amend any existing law; therefore, the provisions thereof are printed in BLACK-FACED TYPE to indicate that they are NEW.)

PROPOSED LAW

An act to add Article 5f to Chapter 6 of Division 4 of the Military and Veterans Code, authorizing the creation of a debt or debts, liability or liabilities, through the issuance and sale of state bonds, to create a fund to provide farm and home aid for veterans in accordance with the provisions of the Veterans' Farm and Home Purchase Act of 1943 and acts amendatory and supplemental thereto; defining the powers and duties of said committee and of the Department of Veterans Affairs and other state officers in respect to the administration of the provisions hereof; providing ways and means, exclusive of loans, for the payment of the interest of such debt or debts, liability or liabilities, as such interest falls due, and also for the payment and discharge of the principal of such debt or debts, liability or liabilities, as such principal matures; and providing for the submission of this act to a vote of the people at the general election to be held in the month of November, 1956.

The people of the State of California do enact as follows:

Section 1. Article 5f is added to Chapter 6 of Division 4 of the Military and Veterans Code, to read:

Article 5f. Veterans Bond Act of 1956

996.45. This article may be cited as the Veterans Bond Act of 1956.

996.46. For the purpose of creating a fund to provide farm and home aid for veterans in accordance with the provisions of the Veterans' Farm and Home Purchase Act of 1943 and of all acts amendatory thereof and supplemental thereto, the Veterans' Finance Committee of 1943, created by Section 991, shall be and it hereby is authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the manner and to the extent hereinafter provided, but not otherwise, nor in excess thereof.

996.47. After adoption of any resolution by the Veterans' Finance Committee of 1943, provided for in Section 996.54 the State Treasurer shall arrange for the preparation of the requisite number of suitable bonds in accordance with the specifications contained in such resolution. The aggregate par value of all bonds issued under this article shall not exceed the sum of five hundred million dollars ($500,000,000) and shall bear interest at a rate not exceeding 5 percent per annum payable as provided in such resolution. Both principal and interest shall be payable in lawful money of the United States, at the Office of the State Treasurer, or at the office of any duly authorized agent of the State Treasurer.

All bonds issued under this article shall bear the facsimile signature of the Governor and the facsimile countersignature of the Controller and shall be endorsed by the State Treasurer either by original signature or by a signature stamp, and the bonds shall be signed, countersigned, and endorsed by the officers who shall be in office on the date of adoption of the resolution of the Veterans' Finance Committee of 1943, and each of said bonds shall bear an impress of the Great Seal of the State of California. Interest coupons attached to each bond shall bear the facsimile signature of the State Treasurer who shall be in office on the date of adoption of the resolution of the Veterans' Finance Committee of 1943. The Veterans' Finance Committee of 1943 may require that said bonds be authenticated by the State Controller or by any Deputy State Controller, and in such event no bond authorized hereunder shall be valid unless so authenticated in the manner so required. The bonds or coupons so signed, countersigned, endorsed, and sealed, when sold, shall be and constitute a valid and binding general obligation upon the State of California, although the sale or delivery thereof be made at a date or dates upon which the officers having signed, countersigned, and endorsed said bonds or coupons, or any or either of said officers, shall have ceased to be the incumbents of the offices held by them at the date of adoption of the resolution of the Veterans' Finance Committee of 1943. Each bond issue under this article shall contain a clause or clauses referring to this article and to the resolution of the Veterans' Finance Committee of 1943 hereunder by virtue of which said bond is issued, and if subject to call or redemption prior to maturity, shall contain a recital to that effect.

996.48. The State Treasurer shall, on the respective dates of maturity or prior redemption of said bonds, or as soon thereafter as said bonds are surrendered to him, pay the same out of the proceeds of the Controller's warrants drawn in his favor as provided in Section 996.49 and perforate the bonds so paid with a suitable device in a manner to indicate such payment and the date thereof. The State Treasurer, or his duly authorized agent, shall also, on the respective dates of maturity, cancel all bonds and appurtenant coupons bearing said dates of maturity and remaining unsold, by perforation with a suitable device in a manner to indicate such cancellation and the date thereof; provided, however, new bonds may be prepared and executed in lieu of bonds canceled solely by reason of the fact that such bonds have not been sold prior to their fixed maturity dates, whenever the Veterans' Finance Committee of 1943 shall determine such new bonds shall be prepared and executed, subject to the condition the total indebtedness created hereunder shall not exceed the maximum limit herein specified. Not less than four years after the final maturity date of a particular issue of bonds, the State Treasurer, or his duly authorized agent, may destroy or cremate any bonds of such issue which have been previously paid or canceled as hereinbefore provided.

996.49. All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof. There is hereby appropriated from the General Fund in the State Treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this article, as said principal and interest become due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the State, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collections of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be returned into the General Fund in the State Treasury, all of the money in the Veterans' Farm and Home Building Fund of 1943, not in excess of the principal of and interest on the said bonds then due and payable, except as hereinafter provided for the prior redemption of said bonds, and, in the event such money so returned on said dates of maturity being less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the General Fund in the State Treasury out of said Veterans' Farm and Home Building Fund of 1943 as soon thereafter as it shall become available, together with interest thereon from such dates of maturity until so returned at the same rate as borne by said bonds, compounded semiannually.

Both principal and interest of said bonds shall be paid when due upon warrants duly drawn against said appropriation from the General Fund by the Controller of the State in favor of the State Treasurer, or his duly authorized agent, and the money to be returned into the General Fund in the State Treasury pursuant to the provisions of this section shall likewise be paid as herein provided upon warrants duly drawn by the Controller. The Department of Veterans Affairs, by resolution approved by the Veterans' Finance Committee of 1943, shall direct the State Treasurer to call bonds (which are then subject to redemption) if such call is desirable and whenever funds are available to effect such redemption, the part of each issue so called to be not less than all of the bonds maturing in any one year. Notice of such redemption shall be given by the State Treasurer in the manner provided in the resolution authorizing the issuance of said bonds.

996.50. The bonds authorized to be issued under this article shall be sold by the State Treasurer to the highest bidder for cash, either at public auction or upon sealed bids as the Veterans' Finance Committee of 1943 may by resolution determine. The Treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which shall have accrued thereon between the date of purchaser's payment for said bonds and the last preceding interest maturity date; and the Treasurer may from time to time, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, at such time and place as he may select. If said bonds are offered for sale upon sealed bids, then each bid shall be in writing and signed by the bidder and sealed, and shall be accompanied by the deposit of a certified check or cashier's check for five thousand dollars ($5,000), drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the Treasurer of the State of California, such deposit not to bear interest. The deposit of each unsuccessful bidder shall be returned to him immediately upon the nonacceptance of his bid, and the deposit of the successful bidder shall immediately upon the acceptance of his bid become and be the property of the State of California and be placed in the State Treasury to the credit of the Veterans' Farm and Home Building Fund of 1943, and shall be credited to the successful purchaser upon the purchase price of the bonds bid for in case such purchase price is paid in full by him within the time mutually agreed upon between the successful bidder and the Treasurer. If the purchase price is not so paid, the successful bidder shall have no right in and to said bonds or by reason of said bid, or to the recovery of said deposit accompanying said bid, or to any allowance or credit by reason of such deposit unless it shall appear that the bonds would not be validly issued if delivered to the purchaser in the form and manner proposed. In case the purchase price is not so paid, the bonds so sold but not paid for shall be resold by the State Treasurer upon notice as provided in case of original sale.

Temporary or interim bonds, certificates, or receipts of any denomination whatever and with or without coupons attached thereto, to be signed by the State Treasurer, may be issued and delivered until the definitive bonds are executed and available for delivery. Signature of the State Treasurer may be by signature stamp.

996.51. Due notice of the time and place of sale of all bonds shall be given by said Treasurer by publication in one newspaper published in the City and County of San Francisco and also by publication in one newspaper published in the City of Sacramento and by publication in one newspaper published in the City of Los Angeles once a week during two weeks prior to such sale. In addition to the notice last above provided for, the State Treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars ($500) for each sale so advertised. The proceeds of the sale of such bonds and such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said Treasurer into the Veterans' Farm and Home Building Fund of 1943 and must be used exclusively in aiding veterans in the acquisition of, or payments for, farms and homes, in accordance with the provisions of this chapter; provided, that the proceeds from the sale of said bonds may be used to pay the debt created by the issuance and sale thereof.

996.52. The Department of Veterans Affairs is authorized, with approval of the Department of Finance, to invest any surplus money in the Veterans' Farm and Home Building Fund of 1943 in bonds or obligations of the United States, or of the State of California, or of the several counties or municipalities or other political subdivisions of the State of California, and to sell such bonds, or obligations, or any of them, at the governing market rates, upon approval of the Department of Finance; or the Department of Veterans Affairs may, with the approval of the Director of Finance, invest money in such fund, in interest-bearing certificates of deposit of state banks having a paid-up capital of five hundred thousand dollars ($500,000) or more; provided, the total amount of money so deposited with any one bank shall not exceed a sum equal to 50 percent of the paid-up capital of such bank; provided, however, nothing herein contained shall inhibit the depositing in banks in accordance with Chapter 4, Part 2, Division 4, Title 2 of the Government Code, of money of any of the funds subject to the control of the Department of Veterans Affairs or appropriated for its use.

Interest accruing upon the deposit of money of the Veterans' Farm and Home Building Fund of 1943 shall be paid into and credited to said fund.

996.53. Upon request of the Department of Veterans Affairs, supported by a statement of the plans and projects of said department with respect thereto, and approved by the Governor, the Veterans' Finance Committee of 1943 shall determine whether or not it is necessary or desirable to issue any bonds authorized under this article in order to carry such plans and projects into execution, and, if so, the amount of bonds then to be issued and sold. Successive issues of bonds may be authorized and sold to carry out said plans and projects progressively, and it shall not be necessary that all the bonds herein authorized to be issued shall be sold at any one time.

996.54. Whenever the Veterans' Finance Committee of 1943 shall have determined that the sale of all or any part of the bonds authorized to be issued under this article is necessary or desirable to carry such plans into execution, in whole or in part, it shall adopt a resolution to this effect. The said resolution shall authorize and direct the State Treasurer to provide for the preparation of the requisite number of suitable bonds then authorized to be sold and shall specify as to such bonds then to be sold:

1. The maximum number of each denomination or denominations, aggregate par value, and the date of the bonds to be then sold. The date appearing on said bonds shall be deemed to be the date of issuance for all purposes of this article, irrespective of the actual date of delivery of such bonds and the payment of the purchase price thereof. Successive issues of bonds herein authorized shall be identified by the number of the issue, or the entire authorized issue may be divided into series or divisions appropriately identified by letter or number.

2. The date or dates of maturity, and the number and numerical sequence of the bonds maturing at each date of maturity, to be at annual intervals.

3. The provisions, if any, for the retirement of said bonds at any time or times prior to their maturity, the manner thereof, and the price or prices at which said bonds shall be redeemed.

4. The annual rate of interest which the bonds to be issued shall bear, to be in multiples of one-fourth of 1 percent, which rate, at the discretion of said committee, may be determined by the bidder at the time of sale of said bonds, not to exceed 5 percent payable as herein provided.

5. The provisions, if any, for the interexchange of bonds of different denominations, the issuance of new bonds of different denominations in lieu of, or in exchange for, bonds of a like aggregate principal amount but of different denominations, and the authentication of any bonds by the State Controller or by any deputy state controller.

6. The technical form and language of said bonds and of the interest coupons to be attached thereto.

In determining the date or dates of maturity of the said bonds and the amount of bonds maturing at each date of maturity, the Veterans' Finance Committee of 1943 shall be guided by the amounts and dates of maturity of the revenues estimated to accrue to the Veterans' Farm and Home Building Fund of 1943 from the transactions to be financed by each issue, and shall fix and determine said dates and amounts in such manner that, together with the dates and amounts of interest payments on the said bond issue, they shall coincide, as nearly as practicable, with the dates and amounts of such estimated revenues; provided, the bonds first to mature in each issue shall mature not later than five years and the bonds last to mature in each issue shall mature not later than 45 years from the date of issuance thereof.

The rate of interest to be borne by the bonds need not be uniform for all bonds of the same issue or series or division, and may be determined and fixed by the Veterans' Finance Committee of 1943 by resolution adopted at or after the sale of said bonds, but not exceeding in any case 5 percent per annum payable semiannually. The highest bid received on the sale of the bonds shall be determined by deducting the total amount of the premium bid (if any) from the total amount of interest which the State would be required to pay from the date of the bonds or the last preceding interest payment date, whichever is latest, to the respective maturity dates of the bonds then offered for sale at the coupon rate or rates specified in the bid, and the award shall be made on the basis of the lowest net interest cost to the State. The lowest net interest cost to the State shall be computed on a 360-day year basis. The interest coupon first payable may, if the Veterans' Finance Committee of 1943 shall so determine and specify, be payable at any time within one year after the date of issuance of said bonds.

996.55. All actual and necessary expenses of the Veterans' Finance Committee of 1943 and of the members thereof incurred in the performance of their duties arising out of the provisions of this article and expenses incurred by the State Treasurer in having said bonds prepared and in advertising their sale or their prior redemption shall be paid out of the Veterans' Farm and Home Building Fund of 1943, on Controller's warrant duly drawn for that purpose, and shall constitute expenses of the Department of Veterans Affairs.

Whenever the Veterans' Finance Committee of 1943 deems it advisable to obtain a legal opinion as to the validity of the bonds, prior to or after sale, from attorneys other than the Attorney General, the committee may authorize the State Treasurer or the Department of Veterans Affairs or both to obtain such a legal opinion. Payment for such legal services shall be made from the Veterans' Farm and Home Building Fund of 1943, on Controller's warrant duly drawn for that purpose, and shall constitute expenses of the Department of Veterans Affairs.

996.56. The Controller, the Treasurer and the Veterans' Finance Committee of 1943 shall keep full and particular account and record of all their proceedings under this article, and they shall transmit to the Governor an abstract of all such proceedings thereunder, with an annual report, to be by the Governor laid before the Legislature biennially; and all books and papers pertaining to the matter provided for in this article shall at all times be open to the inspection of any party interested, to the Governor, or the Attorney General, or a committee of either branch of the Legislature, or a joint committee of both, or any citizen of the State.

996.57. So long as any bonds authorized under this article may be outstanding, the Director of the Department of Veterans Affairs shall cause to be made at the close of each fiscal year, a survey of the financial condition of the Division of Farm and Home Purchases, together with a projection of the division's operations, such survey to be made by an independent public accountant of recognized standing. The results of such surveys and projections shall be set forth in written reports and said independent public accountant shall forward copies of said reports to the Director of the Department of Veterans Affairs, the members of the California Veterans Board, and to the members of the Veterans' Finance Committee of 1943. The Division of Farm and Home Purchases shall reimburse said independent public accountant for his services out of any funds which said division may have available on deposit with the Treasurer of the State of California.

Sec. 2. This act shall take effect upon its adoption by the people as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 3. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be held in the month of November, 1956, and all ballots at said election shall have printed thereon and in a square thereof, the words: "For the Veterans Bond Act of 1956," and the same square under said words the following in eight-point type: "This act provides for a bond issue of five hundred million dollars ($500,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes." In the square immediately below the square containing such words, there shall be printed on said ballot the words, "Against the Veterans Bond Act of 1956," and in the same square immediately below said words, in eight-point type shall be printed "This act provides for a bond issue of five hundred million dollars ($500,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes." Opposite the words "For the Veterans Bond Act of 1956," and "Against the Veterans Bond Act of 1956," there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words, "For the Veterans Bond Act of 1956," and those voting against the said act shall do so by placing a cross opposite the words "Against the Veterans Bond Act of 1956." Provided, that where the voting of said general election is done by means of voting machines used pursuant to law in such manner as to carry out the intent of this section, such use of such voting machines and the expression of the voters' choice by means thereof, shall be deemed to comply with the provisions of this section. The Governor of this State shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 4. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the Governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

Sec. 5. It shall be the duty of the Secretary of State to disseminate information relative to this act in accordance with Section 1, Article XVI of the Constitution. The costs of publication shall be paid out of the Veterans' Farm and Home Building Fund of 1943.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

ROTARY MEETING

The Tahoe Rotary Club held its weekly luncheon meeting Tuesday, August 14 at Tahoe Inn with Steve Korich presiding. Seventy-seven Rotarians, including 52 visitors attended and 35 clubs were represented. Three of the out of state visitors who received souvenir maps and folders of Tahoe were Ellis Beavers of Wichita, Kansas, Nat White of Fort Morgan, Colo., and Al Qualmen of Coos Bay, Oregon. Program Chairman Basil Kehoe introduced Paul Beckman, coordinator of the Sacramento State College summer session, as the speaker on the occasion. Beckman spoke of the progress of the classes held at Tahoe Lake school and said the enrollment has doubled this summer and that there are more than 100 students attending the classes. He said it is almost certain that the college will hold summer sessions here from now on. Following his talk, Beckman introduced Professor Richard Carpenter, also of the state college, who played two selections on the piano and was later called back for a third number.

ENJOY VACATION

Mr. and Mrs. Bert H. Watson who spent the past winter in their new home at Gold Hill, are now enjoying the vacation season in their summer cottage on the former Watson Mill property which adjoins the new home site tract recently named The Highlands. The Watsons at present have as their guests their daughter, Mildred and her husband, George and son Tim Collins of San Anselmo. The Collins plan to spend the remainder of the month at the Watson home.

TOUGH ON TOES

About ten days ago up in Squaw Valley, Malcolm Fox, a former Tahoe City resident, in the course of his work was carrying an end of a heavy main-line steel pipe. He stumbled and dropped the load on the small toe of one foot, crushing it badly. A week later, his fellow workman accidentally dropped a heavier load on the small toe of the other foot. This time the toe was completely mashed. With the first injury still in the process of healing, the later accident has laid him off from work indefinitely and at last reports the worst injury seems in some danger of becoming infected.

RITES ARE HELD

Graveside funeral services were held on Friday at Trail's End, the Tahoe City cemetery, for six year old Carolin McLane, daughter of Mr. and Mrs. Robert McLane of Tahoma, who was struck and killed Tuesday, August 7 on the highway near her home. The McLane family has been residents here for several years and the entire region was shocked and saddened by the tragedy.

Carolin leaves, beside her parents, a sister, Erica, two brothers, Jeffrey and Tony and her uncle, Victor McLane of this region.

Rev. Wesley Osman conducted the services and her uncle, Victor, sang The Lord's Prayer.

TAHOE VISITORS

Visiting at the C. W. Vernon home during the weekend was Delbert (Buster) West, an old time Tahoeite of more than 20 years ago. From the age of six, Buster attended the Tahoe Lake school straight through all the grades. He left here at the age of 20 to join the service in World War II. His wife, Darlene, and two young children accompanied him here, seeing Tahoe for the first time. Buster wished to be remembered to all his old friends and school mates still residing here.

ANNEXATION PROGRESS

The Tahoe City PUD is making progress this month on the way toward the annexation of additional properties to the north and south of the district's present property. According to specified rules, prospective users must pledge, as a group, the amount of $600 before the survey can be made on property to be annexed. Subscribers have now signed up to within $50 of the required amount, according to PUD Manager C. W. Vernon. The PUD has also acquired new and irritating "headaches" within the week. The last of these occurred Monday when the E. W. Simpson contracting equipment, in the process of evacuating for pipe lines on the new Bunker tract, misjudged distance a bit and tore out one of the PUD's main service lines. This left the immediate community without water for some time and required a great deal of work and expense to repair the damage.

HEARS OF DEATH

Mr. and Mrs. Erving Esterkin, school teachers from San Francisco, have been spending their vacation period in Tahoe City. Last week they were notified of the sudden death of his father at the family home in Minnesota. He immediately left by car and now reports he expects to be delayed for some time while disposing of his father's business property.

San Francisco Bay commerce totals more than 40 million tons annually.

After the game—

What makes a glass of beer so right?

It's the traditional thirst-quencher after a fast game of tennis or 18 holes of golf—the traditional beverage at any ball game or other "spectator sport." No wonder beer's so popular in California, the most *sports-loving* state in the Union.

Beer and ale fit right in with the fun and sportsmanship that goes with wholesome recreation. They're light, tangy, and refreshing—true beverages of moderation for those who enjoy the relaxed, informal California way of life.

Beer belongs to California living

TAHOE BUILDING IS LEADING IN PLACER

AUBURN— The fourth supervisorial district, including the Colfax area and part of Lake Tahoe, had the largest amount of construction in Placer County during the month of July, Building Inspector Gus Reeves' figures show.

Permits were issued for buildings valued at $465,238 during the month. District 5, the Foresthill-

Series Of Burgaries At Tahoe Reported Solved

KINGS BEACH— A series of burglaries have been cleared up at

325.

District 1, the Roseville area, had building valued at $84,150; District 3, the Auburn area, totaled $70,150; Tahoe area, was second with $381,- and District 2, the Newcastle-Loomis area, was low with $14,450.

Lake Tahoe, Sheriff William Scott stated. Five juveniles are charged with the theft of $140 in cash and jewelry from the Artie Lancaster home at Kings Beach.

The house was entered during the absence of the owner last July 14. Five youths, aged 18 and 19 years, from Santa Rosa and Manchester are the suspects.

Annual rainfall frequently hits the 100-inch mark in Northern California.

Suit Filed In Placer Asks $10,000 On Agreement

AUBURN— A complaint for breach of contract and a demand for $10,000 damages has been filed by Don McPhersan against Carl and Louise L. Lind.

McPherson charges the Linds broke an oral contract they made with him on August 15, 1954, at Tahoe City, to allow him to log the Nels Olson property on the Truckee river.

McPherson says the Linds made a contract with another firm after he started lumbering operations.

RICHARD ASTLE IS SERVING IN GERMANY

11TH AIRBORNE DIV., Germany—Specialist Third Class Richard I. Astle, son of Mr. and Mrs. Ivan A. Astle, Kings Beach, is a member of the 11th Airborne Division in Germany.

Specialist Astle, is assigned to the Support Company of the division's 11th infantry regiment. He entered the army in May, 1954, and completed basic training at Fort Chaffee, Ark.

Astle was graduated from the Tahoe Branch High School in 1949. His wife, Constance, is with him in Germany.

ROTARY PROVIDES PLAQUE FOR WELCH

KINGS BEACH—A plaque in memory of Reuben Welch, prominent local resident and ardent supporter of the North Tahoe Fire Control will be placed on the fire station at Kings Beach as a result of a contribution made by the Rotary Club of Brockway at Monday's meeting.

The fund totaling $100 was turned over to the surviving daughters, Audrey and Marilyn for the plaque.

Pappy Brooks presided at the meeting and Steve Port, president of the Community Club was the main speaker, discussing problems of the area and calling upon all citizens to make the district a better one in which to live. Eighteen clubs were represented at the session.

IN THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA

Wednesday, August 1, 1956

Present: John T. Trauner, Clerk, Wm. J. Cassatteri, Deputy Dist. Atty.

Regular Meeting.

The regular monthly meeting of the Board convened at 10:00 o'oclock on August 1, 1956 and there were present and answered to their names as follows:

Supervisors: Curtis R. Clark, Chairman, John L. Frank, J. C. Coughlan, Guy N. Robinson and Henry G. Loehr.

Supervisors Absent: None.

Discussion was held concerning overtime pay by the Board and the Deputy District Attorney concerning the meaning of Sec. 2.18 of the Salary Ordinance.

The warrants representing the monthly bills of the County were carefully scrutinized by the Board and the following were allowed for payment:

General Fund: Warrants No. 24-17a to 2516 and 2537 to 2742—$36,251.96.

Veterans Fund: Warrants No. 10 to 16—$456.05.

Special Road Improvement Fund: Warrants 117 to 233 —$35,723.15.

It was moved by Supervisor Loehr, seconded by Supervisor Frank that the former employees of the County Clerk's office be paid overtime pay computed according to Sec. 2.18 in accordance with the ruling of the District Attorney. Upon a roll call ballot the following vote was recorded:

Supervisor First District: Aye
Supervisor Second District: Aye
Supervisor Third District: No
Supervisor Fourth District: No
Supervisor Fifth District: Aye

It appeared to the satisfaction of the Board that legal notice was given concerning the bond issue of the Ready Springs School District. Upon motion by Supervisor Robinson, seconded by Supervisor Coughlan and unanimously passed, the Bank of America bid was accepted.

Upon motion by Supervisor Loehr, seconded by Supervisor Robinson and unanimously passed, Supervisor Frank was given permission to attend a Mountain County Resources meeting at Placerville, California on August 22nd and the actual and necessary expenses incurred thereto be deemed a proper County charge.

John Nettell, County Recorder, appeared before the Board and requested that the following employees be advanced in accordance with the Salary Ordinance, following the completion of another year of County Service:

Shirley Jenkins, Typist Clerk II from $220.00 to $231.00 per month.

Discussion was held concerning a contract between the City of Grass Valley and the County of Nevada for Health Services. Motion was made by Supervisor Loehr seconded by Supervisor Frank and unanimously carried, that the contract be and it was accepted.

Mr. Carlos McGuire appeared before the Board and requested permission to file the map of the Country Club Terrace Subdivision. Motion was made by Supervisor Loehr, seconded by Supervisor Frank and unanimously passed that the map of the Country Club Terrace Subdivision be filed.

Motion was made by Supervisor Frank, seconded by Supervisor Loehr and unanimously carried instructing the Clerk to print the Proceedings of the Board for the month of August in the Sierra Sun at Truckee.

Upon motion of Supervisor Loehr, seconded by Supervisor Frank and unanimously carried, the resignation of Melville O. Johns, County Superintendent of Schools, was accepted with regrets.

AFTERNOON SESSION

The Board reconvened at 1:35 o'clock with all Supervisors being noted as present.

At the request of the County Auditor, there was a discussion concerning the disposition of Old Age Pension payments to patients in the County Hospital. It was the decision of the Board and ruling of the District Attorney that the County Auditor mail the warrants directly to the recipents henceforth.

Motion was made by Supervisor Frank, seconded by Supervisor Robinson and unanimously carried that the motion made on June 21, 1956, concerning the Meadow View and Meadow View Drive survey be rescinded. Motion was made by Supervisor Frank, seconded by Supervisor Loehr, to instruct the Road Commissioner to proceed with the preliminary survey of the project between Meadow View Drive and Meadow View. On a roll call vote the following vote was recorded:

Supervisor First District: Aye
Supervisor Second District: Aye
Supervisor Third District: No
Supervisor Fourth District: No
Supervisor Fifth District: Aye

The monthly report of the Road Commissioner was read by the accountant of the Road Commissioner's Office and was duly approved and ordered filed.

At the request of the Welfare Director and upon motion of Supervisor Robinson, seconded by Supervisor Loehr and unanimously carried the following personnel in the Welfare Office were granted step raises in accordance with the Salary Ordinance:

Getta Roscoe $210.00 to $220.00 effective Sept. 1.

Dorothy Burille $243.00 to $255.-00 effective Sept. 1

Betty Lawton $200.00 to $210.00 effective Sept. 1

Vee Mitchell $268.00 to $281.00 effective Sept. 1

There being no further business to come before the Board, motion was made by Supervisor Loehr, seconded by Supervisor Frank that the Board stand adjourned, to meet again on August 16, 1956, at 10:00 o'clock A. M.

Curtis R. Clark
Chairman of the Board

Attest: John T. Trauner
Ex-Officio Clerk of the Board.

Suit Filed Against Local Firm For Alleged Debt

NEVADA CITY— A complaint asking foreclosure of a mechanics' lien on the property known as the Donner Ski Ranch and Donner Summit Tramways, Inc. et al, and against John S. and Mary P. Woodward, individually and doing business as above named, has been filed in Nevada County Superior Court by Ralph and Goldie Rowton, doing business as Soda Springs Service Station.

The plaintiffs allege that the Woodwards contracted for and received materials, equipment, gas and oil valued at $5,433.07 in the preiod between November, 1955 and March, 1956, and paid no part of this and that they converted equipment valued at $785.76 to

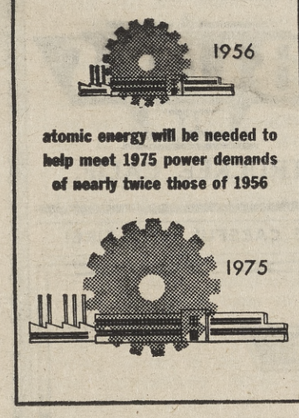
Standard's new radiation-resistant lubricants are helping put atomic power to work

During exposure to atomic radiation, some petroleum oils are turned into solids, hard enough to drive a nail, useless as a lubricant

BY 1975 the world will use nearly twice as much energy as it does today—and atomic power will be needed to supply part of the growing demand. Helping develop this new power, Standard research teams have been working with the Atomic Energy Commission on many projects during the past 10 years.

One of our most urgent problems was to find lubricants for atomic machinery able to withstand withering radiation. Using a brand-new base derived from petroleum, Standard scientists developed oils that last two to three times longer than conventional lubricants—and speed the day when commercial atomic power will help drive planes and ships, and generate electricity for your home.

Progress in the West means...



atomic energy will be needed to help meet 1975 power demands of nearly twice those of 1956

STANDARD OIL COMPANY OF CALIFORNIA
puts petroleum progress to work for you

Aims, Purposes Of Lake Coast Guard Auxiliary Shows Volunteer Work

TAHOE CITY— Few people of the Lake Tahoe area and their guests know that the Coast Guard Auxiliary here is purely a volunteer organization, made up of men who have business at Tahoe and mostly of men who come here for a vacation and rest.

The auxiliary was founded only to make boating, swimming, and water skiing a safe pleasure for vacationists and for those who live here.

Lake Tahoe, because it is bounded by both Nevada and California is therefore federal water and under the jurisdiction of the United States Government.

When people are stopped in their boats and asked if they have sufficient life jackets, running lights, paddles etc, they are stopped only because the coast guard auxiliary members are interested in their safety, not to pry or get the answer "why, are we going to sink?".

Lives have been saved, boats and people both old and young have been saved because these men in their own boats, with their own gas, not paid for by the government, not salaried, have left their homes at night or any time of day—to help other people. Next time it may be you!

When you are stopped and questioned purely for your own safety, thank them!

Last year there were six rescues made. So far this year four. These rescues are long tedious work, lasting often six to seven hours. That lake at night is very big and very black. Be sure you always have sufficient gasoline, that your motor is in good shape, and that you are sure of your destination.

The commander for the past two years has been J. Allen Bray, a resident of Oakland, and a summer vacationist at Lake Forest, Lake Tahoe. Vice-commander is Ken Amundson of Cave Rock, Nevada. The training officer is Rev. Wilfred H Hodgkin, rector of St. Pauls Episcopal Church in Walnut Creek, a vacationist in Tahoe Meadows. Help these men help you have a safe, happy and life living vacation at Lake Tahoe. They work on their vacation for you!

STATE ALLOCATES BIG SUM TO SCHOOL

SACRAMENTO —(CNS)— Roy E. Simpson, director of the state department of education, announced apportionment of $300,389,126 to California schools for the 1956-57 school and fiscal year.

Schools in Nevada county received an apportionment of $434,080.

Simpson said the apportionment is an advance allocation to school districts and that supplimentary allotments will be made during the year.

Average daily attendance of pupils in schools throughout the state, on which the apportionment was based, was 2,491,574.

Last year, the advance apportionment amounted to $279,695,791 based on an average daily attendance of 2,319,605.

their own use, said equipment having rental value of $13 per day.

They request forcelosing of the mechanics' lien and ask order for sale of said property.

Relaxed Driving

Avoid tense muscles and cramped body positions while driving, advises the National Automobile Club. Sit comfortably erect and move your position frequently.

No Closed Season on Sturgeon

There is no closed season on sturgeon in California, according to the National Automobile Club. Bag and possession limit is one fish with a minimum size of fifty inches.

Car Ownership

Eighteen percent of the self-employed people in the United States own two or more automobiles according to the National Automobile Club.

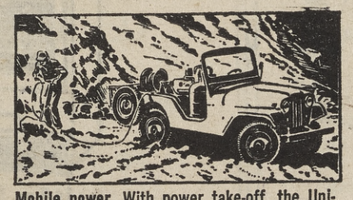
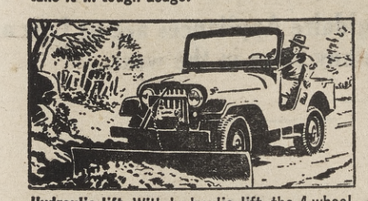
Tough jobs demand a Universal 'Jeep'

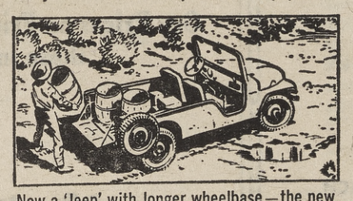
Traction. 4-wheel drive gives the extra traction for traveling up steep grades or broken ground. The 'Jeep' is built to stand up and take it in tough usage.



Mobile power. With power take-off, the Universal 'Jeep' provides mobile power for operating welders, compressors, generators and many other kinds of specialized equipment.



Hydraulic lift. With hydraulic lift, the 4-wheel drive 'Jeep' operates graders, scrapers, post hole diggers and most 3-point hitch implements.



Now a 'Jeep' with longer wheelbase—the new model CJ-6. Carries larger, bulkier loads; has all the features that made the 'Jeep' famous.

A 4-Wheel-Drive Universal 'Jeep' takes you to the job, wherever it is—on the road or off! This rugged performer carries men and equipment over the highway in conventional 2-wheel drive. Then, when work calls for travel off the road—through mud, sand or snow, up hill or down—you shift a single lever for the extra traction of 4-wheel drive. With power take-off, or hydraulic lift, the Universal 'Jeep' does an almost endless variety of jobs. To find out what it can do for you, ask for a demonstration.

STATE OF CALIFORNIA
DEPARTMENT OF
PUBLIC WORKS
DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock p. m. on September 19, 1956, at which time they will be publicly opened and read in the Assembly Room of said building, for constructing building in accordance with the specifications therefor, to which special reference is made, as follows:

Nevada County, at Truckee Maintenance Station (III-Nev-Truckee Maintenance Station), portion of yard area to be graded, penetration treatment and seal coat to be applied to untreated base and sand storage shed to be constructed.

Bids are required for the entire work described herein.

In accordance with the provisions of Section 1770 of the Labor Code, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows:

Rate per hour	Classification
$2.595	Apprentice)oiler, fireman, watchman)
2.48	Bootman
3.00	Carpenter
2.995	Cement finisher (journeyman)
2.705	Concrete mixer operator (up to one yard)
3.035	Concrete mixer operator (over one yard)
3.50	Electrician
2.325	Flagman
2.55	Glazier
3.095	Heavy duty repairman
2.595	Heavy duty repairman-helper
2.575	Jackhammer operator
2.325	Laborer
2.425	Operator of vibrators and all pneumatic, gas and electic tools
3.255	Operator of power and or other excavating equipment with shovel-type controls (upto and including one yard)
3.425	Operator of power shovel and or other excavating equipment with shovel type controls (over one yard)
2.725	Painter
3.255	Power grader operator (power planer, motor patrol or any type power blade)
3.00	Reinforcing iron worker
2.325	Road oiler
3.095	Roller operator
3.00	Roofer
3.30	Sheetmetal worker
3.25	Structural iron worker
3.095	Tractor operator
2.325	Truck driver (less than 4 cubic yards water level)
2.465	Truck driver (4 cubic yards and less than 6 cubic yards water level)
2.625	Truck driver (6 cubic yards and less than 8 cubic yards water level)
2.85	Truck driver (8 cubic yards and less than 12 cubic yards water level)
2.85	Truck driver (12 cubic yards or more water level)

Any classification omitted herein not less than $2.325 per hour.

Overtime—not less than one and one-half (1½) times the above rates

Sundays and holidays—not less than one and one-half (1½) times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of work men employed on the project.

Plans may be seen, and forms of proposal, bonds, contract, and specifications may be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and they may be seen at the offices of the District Engineers at Los Angeles and San San Francisco, and the office of the District Engineer of the district in which the work is situated, and at the office of the Associated General Contractors in San Francisco.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Proposal Requirements and Conditions set forth under Section 2 of the Standard Specifications. Each bidder must be licensed and also prequalified as required by law. (See said Proposal Requirements and Conditions.)

The Department of Public Works reserves the right to reject any or all bids.

DEPARTMENT OF PUBLIC WORKS, DIVISION OF HIGHWAYS.
G. T. McCoy,
State Highway Engineer.

TAHOE TOLL CABLE IS LAID UNDER WATER

TAHOE CITY— Construction crews of the Pacific Telephone and Telegraph Compnay completed laying a toll cable at Lake Tahoe in a final step of the project which will bring dial service to the entire Lake Tahoe community soon. Marine cable weighing 10 pounds per foot is being laid between Rubicon Beach north of Emerald Bay to Baldwin Beach near Camp Richardson, a distance of 6½ miles. This cable will carry all toll calls from the south end of Lake Tahoe to Tahoe City and finally to Truckee and the main lines.

Charles Berlenbach, Jr., local company manager announced the cost of the marine job at $163,700 and the cost for the entire Lake Tahoe dial conversion as $997,000.

Robert Pomin, Tahoe City contractor, is providing Lake transportation with his barge and power boat "Shamrock". Six thousand feet of cable is transported from land size spools to a large power spool on the barge, then towed to it's destination and secured on the lake bottom.

The engineering firm of T. H. McGuire and Son of Grass Valley surveyed a course as close as possible to 18' below the surface of the lake. At some points this is several hundred feet off shore, while in others the cable is lashed to the practically perpendicular shelves which form the lake's edge at Rubicon Point.

Oakland Visitor Leads Great Books Discussion

Mrs. Wilma Avery, a summer resident from Oakland, headed the last discussion of the Great Books Discussion Group Wednesday. The book chosen for the meeting was James B. Conant's On Understanding Science; A Historican Approach

Conant, in presenting a historical view of several scientists and how they solved their problems, states that it is important that all of us, businessmen, teachers, lawyers or housewives understand and appreciate the role of science in modern life.

This discussion concludes the series of independent studies for the summer. September 12 the group will resume the series of Great Books readings as outlined by the Great Books Foundation of Chicago.

Roy Baker, the local librarian, states that those interested in joining a beginning group in the fall should telephone him at Truckee 23 and make their wishes known.

Mrs. Wesley Osman and Mrs. Francis Snyder were visitors at the last meeting.

California is a world center for advanced design and research in electronics, missiles, and other devices of the future.

STRICTLY STRICKLAND

By Bill Strickland

Been reading the columns of metropolitan newspapers and conjecturing on how those fellows manage to put out all that copy day after day, all year long. Of course a national convention supplies lots of news, but they only come along once every four years. I guess their sources are more abundant than mine.

The lift in the Sugar Bowl is progressing according to schedule. You know when you stop to think about it, that much construction is quite an undertaking. In other areas you can count on 365 days a year. Up here there is six months and sometimes less. So time is a big factor and weather is too. Did you ever pick up a nail when the temp was below freezing and find out you couldn't let it go? It happens here. We were amazed at the speed an access road was built to the top of Mt. Lincoln. A fellow with a big D-8 has whacked out almost 5½ miles out of the side of the mountain in just about three weeks. Seems to me like freeway construction work takes that much time to get its equipment out of the garage. Three additional new homes are being started in the Bowl by Victor Tschellicheff. When they are completed it will make a total of four this summer plus an addition on the main building.

"Doc" Rockholm has just about completed a new operator's house at the bottom of terminal of the chair lift, here at Soda. The towers have been painted a bright orange red, which should certainly show up against that white snow this winter.

Harry Pratt is making real progress on his garage. Noticed they

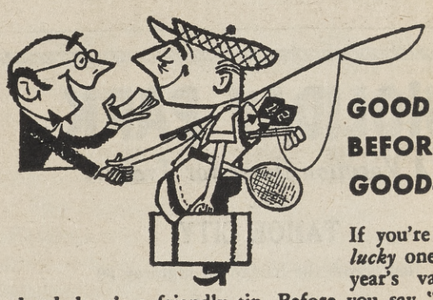
GOT THOSE BACK-TO-WORK BLUES?

Just back from vacation? Wish you were still meandering through the mountains, basking on the beach or lolling on the lakeshore? Sure, and chances are you're also wishing you'd had more money to spend on your vacation. Then make sure you'll have that extra cash next year! Join Bank of America's Vacation Club now. Save $2 or more every other week for the next 50 weeks . . . then you'll be off to good times with a Vacation Club check for all you've saved plus interest. It costs nothing to join. So for more fun next summer, be a Bank of America Vacation Clubber!



GOOD BUY BEFORE GOOD-BYE...

If you're one of the *lucky* ones, with this year's vacation still ahead, here's a friendly tip. Before you say "so-long" to work-a-day problems, take steps to protect yourself against a possible holiday problem—the loss or theft of your travel funds. Convert them *now* into Bank of America Travelers Cheques. Wherever you go, our Travelers Cheques are recognized *instantly* and cashed gladly. They're handy as cash, but so much safer.

B of A Quiz Corner

DID YOU KNOW THAT if your Bank of America Travelers Cheques should be lost or stolen you can have them replaced quickly and easily? Simply get in touch with any Bank of America branch at home or abroad—or wire us direct—or contact any recognized travel bureau or other bank.

INTEREST GROWING IN ARCHERY HUNT

A growing interest in archery deer hunting is indicated by the increased take during the ten-day coastal archery season, the department of fish and game reports.

Tag returns received by the department up to August 6 showed 51 deer taken by bowmen as compared to 40 at the same time last year. During the combined 1955 archery seasons, a total of 189 deer were taken by bow and arrow.

Tag returns from opening weekend hunting in the coastal season have been slow in coming in, with less than 400 received at the time.

Last year 30 percent of the entire coastal kill was made on opening weekend.

NORTH TAHOE

By JUDGE HARRY CHARRISON

A Farewell

The Lord gave and the Lord hath taken away, blessed be the name of the Lord. Farewell to one of our most beloved friends and neighbors. R. H. (Rube) Welch passed to the great beyond in a Reno hospital on August 18 and funeral services were held in the Catholic Church at Truckee Saturday, August 18 with a large number of his friends attending. Interment was at Auburn. Rube, as he was affectionately known, was a wonderful man in the community and all through the years held many important offices. At the time of his death, he was treasurer for the North Tahoe Fire Control and had held office in the Brockway Rotary Club. He was a kindly man with never a cross or unkind word toward a soul. To say he will be missed is an understatement. He leaves two daughters, Audrey and Mary Lynn, a sister, Myrtle Welch of Auburn and a brother, August of Sacramento. The heartfelt sympathy of everyone of the community goes to the survivors.

Busy Bodies

Little Scotty Campbell, the big son of Everett and Kay, has been spending the summer in Sacramento. I hear his daddy is going to attend the University of Nevada this winter and his mother is working in the university on a state job. Everett will still take care of most of his accounting jobs and both will enjoy living in Reno this winter.

Roaring Lions

The members and ladies of the Lake Tahoe Lions Club with of course a great number of guests, enjoyed a delightful barbecue of chicken and big juicy steaks last week in the beautiful setting of Walt Mandeville's Incline Beach home. While there, June tells me, she had the pleasure of talking to Adlai Stevenson when he was at the lake before the convention.

Vacation

Now, our granddaughter, Joellyn Ashton is up on a short vacation. Jo, as most people know, is in nurse training at Salt Lake City. This is her first visit since last Christmas and she says she is sure enjoying the trip to the lake.

Vacationists

Coming down through the highway it is quite a sight to see the signs on the resorts reading NO VACANCY. When we consider how many resorts and courts spring up each year, business has not been so bad. There have certainly been more vacationists than ever before in the history of Lake Tahoe both on the north and south sides of the lake. The south end, by the way, has had a phenominal business this season.

Junior Visitors

Mr. and Mrs. Ronald Myers, Jr. and their two sons, Ronald III and Stuart, are guests of John and Mrs. O'Connor. They are from San Francisco and will remain until school starts.

Courage

During the past couple of weeks I was given an article from the Readers Digest of 1952 about a man who refused to die. This man was in World War II when he had his left arm blown off at the shoulder, his right hand stripped of all but two fngers and his left knee smashed. Someone said Sam was dying. "I'm not dying," cried Sam. Even the doctors said Sam would be reported as killed in action, but Sam shook his head, so the doctors went ahead and operated. This could be enlarged upon as it was quite a long story of sheer courage, too long to be told here. Well, the amazing part of the story is that this very man has purchased the O'Connor home across from us on Brassie avenue. I had the pleasure of meeting him a few days ago. So we should be hearing more of this fine American, so it will be Mr. and Mrs. Sam Harrison, Kings Beach. We shall truly welcome them about September 14. They will be a wonderful addition to our community.

Truckee, California

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO —(CNS)— While one segment of government investigates to determine where the state's fish and game money is going, another segment plans to keep on spending it, if so authorized by the state legislature.

This is the somewhat confusing situation that exists today as the Senate Interim Committee under Senator Ed C. Johnson plans a series of hearings on expenditures, and the department of fish and game under Seth Gordon, director, plans a budget for 1957-58 which will continue the present level of spending, and possibly increase it.

In a somewhat lengthy report to the fish and game commission, which has the final say on the department's budget before it reaches the state department of finance, Gordon states:

"The director at this time cannot in good conscience recommend major surgery on the body of California's fish and game program".

He points out that the question is:

"Do you want to continue the services you are now receiving, and the wildlife conservation activities in existance with plans to meet the problems of the future, or cut back our programs and services?"

Gordon at least has put the issue squarely before his own commission and the state legislature. And as the department of fish and game is not a general fund liability, it appears to be more or less up to the sportsmen of California as to just how far they want to go along the Gordon spending program route.

The question involves also the subject of the fish and game surplus, which at the close of the current fiscal year will amount to slightly less than three million dollars. The surplus has been eaten into at the rate of about a million dollars a year for the past several years. Gordon advised the commission that he feels at least three million should be carried in surplus as a safe margin, and thus considers that the time has arrived for a decision to meet the fact a year from now that only three million will be left in the reserve fund.

The fish and game head blames decreased purchasing value of the dollar as one of the prime causes of the situation in which the department finds itself. Undoubtedly, this has some bearing upon the situation, but too, there are the added services the department has found desirable since Gordon took over.

Cutting these services is going to be difficult, for the simple reason there will be discussion among the sportsmen as to what services should be sliced. A pheasant shooter, for instance, will fight right down the line for maintenance of the pheasant breeding program, while a fisherman, who isn't interested in shooting pheasants, sees little use in such a program, and wants the money spent on trout.

The controversy then will probably boil down to eventual recommendations for increases in the price of fishing and hunting licenses, along with increases in the other revenue taken in by the department, plus, perhaps, some economies upon which everyone can agree.

For fish and game is in the same category as any other specialized government service— if the sportsmen want to pay for the service, there is no reason why they should be denied such services. But on the other hand if the service starts to become a charge on the general public, then it should be tossed out the window in a hurry.

New Mule For Army!

The "Mechanical Mule," modern gasoline burning version of the traditional old Army hay-burner, is going into service to "take the load off the foot soldier's back." Equipped with 4-wheel drive, it can carry more than its own weight up hills, across streams and over the roughest terrain. It also can be transported by helicopter and dropped by parachute for airborne troop operations. Designed by Willys Motors, Inc., under Army Ordnance supervision, the Mechanical Mule will go into production at the Willys Jeep plant in Toledo with first deliveries scheduled to be made to the famed "Screaming Eagles" 101st Airborne Division.

NUMBER OF CARS IN COUNTY SHOW GAIN

With one exception, the number of registered vehicles in California, county by county, continued to increase for the first six months of 1956, it was reported today by State Director of Motor Vehicles Paul Mason.

The excepton was Alpine County, which showed a decrease of 20 percent, from 414 registered vehicles in the first half of 1955 to 346 in the same period this year.

Countie s with the highest increase this year are Inyo and Orange, each up 22 percent.

Los Angeles County, with 41 percent of all vehicles registered in the state, showed a first-half increase of 7 percent.

The state total of fee-paid registered vehicles for the current year period, January 1 through June 30, was 6,594,140, an increase of 8 percent. In addition, there were registered 79,557 exempt vehicles, making a grand total of 6,673,697.

Nevada County had a total of 10,326 registered vehicles, including 7,555 autos, 1,965 trucks, 771 trailers and 35 motorcycles.

Safety In Boating

If you do much boating, you should learn the basic signs of impending weather changes, advises the National Automobile Club. Head for shore when you see that a storm is about to blow up.

PRESENTATION ON SQUAW PEAK

Kenny Wilson, a Tahoe City Boy Scout, was recently honored when presented with a new Homelite E-Z chain saw, the gift of the manufacturer in a contest held all over the country. Kenny was one out of 74 receiving a similar award in the United States, and one of three in the San Francisco district. The presentation was made by Robert Wray of Tahoma, the agent in this area for the popular saw, while the recipient's father, Jack Wilson and Richard Doodlin, the district manager from Sacramento looked on. The presentation was made atop Squaw Peak at Squaw Valley where two of the saws are in use by the company there.

Survey Of Proposed Land Conservation District Is Authorized By Board

On motion by Supervisor H. G. Loehr of Truckee, the county board of supervisors passed a resolution asking the state division of soil conservation to investigate the proposed Sierra Addition to the Nevada County Soil Conservation District.

Previously several farmers had petitioned the board to make this addition which adds all of Nevada County not now in the district to the Nevada County Soil Conservation District. The proposed area also includes parts of three ownerships in Placer County, lying south and east of Truckee. The Placer County lands were added in order to bring all of the Joerger, Cavitt, and Waddle ranches into the addition as these ranches are split by the county line.

As an example of one activity of the Soil Conservation District, engineering studies have started on the Waddle ranch to determine the feasability of a dam which will impound irrigation water. A similiar study will be started on the Joerger ranch in the very near future. In general, the program of the soil conservation district includes building dams, improving irrigation systems, assisting in establishing new irrigated and non-irrigated and pasture seedings and technical assistance to private forest landowners.

The soil conservation district is set up under a state law and additions are regulated by the same law. Planning in districts is carried on by experienced men from the U. S. Soil Conservation Service, woh are loaned to the district to do the technical work. The district works with the rancher through a ranch plan which the technician assists the farmer in making, but out only when requested to do so.

As soon as the state approves the proposed addition, it is submitted to the county boundary commission for its approval. Following this, there is a petition which must be signed by 25 landowners, a hearing at which any owner can ask that his lands be excluded, and a general election. It will take several months to complete the addition.

T. L. Chamberlain of Auburn was a patient at the Tahoe Forest Hospital last week undergoing treatment for pneumonia.

WAR PAINT WINNER OF TAHOE REGATTA

HOMEWOOD—"War Paint," a 350-horsepower hydroplane owned by Paul Scaglan of Berkeley and piloted by George Mattucci of Oakland, Sunday won the Lake Tahoe boat championship in races staged off Chambers Lodge.

Mattucci drove the hot, seven-litre hydroplane across the finish line ahead of "Restless," owned by Henry Kaiser and driven by veteran Barney Bavarro, while J. Philip Murphy's "California Kid," driven by Joe Quintell of Piedmont, took third spot in the main race.

R. Randolph Walker, commodore of the Tahoe Yacht Club, was race chairman, serving in one of his last official acts before turning over the post of commodore to J. Philip Murphy of Piedmont.

In the children's races (13 years and younger) for 5½ horsepower and under, Georgia Kraus of Sacramento was first. The Class B hydroplane for those years or younger was won by Joe Hickingbotham while the class B utility for 20 years and younger was won by Bob Lane.

The second race was won by Bob Smith driving J. P. Murphy's Miss Honor Roll; the third race won by A. A. Steltzner of San Francisco driving his Raha, while the fourth race was won by Miss Honor Roll driven by Miss Murphy.

Wilber Miller's Dork, driven by Marshall Kraus of Sacramento won the fifth race.

Other races in order were as follows:

Sixth—Won by Mu Mu owned by Hill Honiz of San Francisco with Barbara Visel driving.

Eighth—Won by Henry Kaiser's Blue Sky, George Besotes driving.

Ninth—Won by Miss Nancy, driven by its owner, J. B. Castle of Piedmont.

Tenth—Won by Hey There V, owned and driven by E. L. Oliver of Piedmont.

Eleventh—Race for Tahoe championship; hydroplanes only—won by War Paint.

Twelfth—Won by Miss Nancy, owned and driven by J. B. Castle of Piedmont.

New officers, including J. Philip Murphy, commodore; A. G. Steltzner, vice commodore; J. Allen Bray, rear commodore and R. Randolph Walker were elected at a luncheon held Saturday.

Taking Course—
Mr. and Mrs. Byron Helman of Floriston are leaving Floriston for Berkeley where he will take a physical education course.

HOWARD HENDRIX IS WITH EASTERN FIRM

Frank Kearney of North Highlands and a former resident of Truckee for many years wrote of the recent happenings within the family, including Mr. and Mrs. Howard Hendrix who have sold their home in Sacramento, moving to Cincinnai, Ohio where Hendrix is employed by a large corporation in their accounting department.

Miss Charlotte Gates of Oakland is planning a September departure for a three months tour of Europe.

E. J. Kearney of North Highlands and Mack Gates of Oakland are spending several days at Webber Lake where they are trout fishing.

The average mean altitude of the 48 States is approximately 2500 feet abovo sea levle.

CARD OF THANKS

We can never give appropriate thanks to this community for the sympathy and help extended to us by so many during our recent bereavement. Expressions of sympathy came to us from friends, acquaintances and total strangers on vacation here, and we are deeply grateful.

Tarzan®

by EDGAR RICE BURROUGHS

BEFORE THE STUNNED EYES OF THE VIKINGS, TARZAN EXHIBITED PROOF OF HIS VICTORY OVER THE WOLF.

IN A DESPERATE ATTEMPT TO KEEP HIS PRESTIGE, LOKI CALLED OUT. "STOP!" THIS IS NO TIME TO REJOICE!"

"WHY NOT?" ASKED BALDAR. "BECAUSE THAT MAN IS EVIL," REPLIED LOKI. "WHO BUT AN EVIL ONE COULD DEFEAT FENRIS?"

THERE WAS A PUZZLED SILENCE AS THE PROPHET CONTINUED. "THE GODS ARE DISPLEASED. THEY HAVE ASKED ME TO CONDEMN THAT CREATURE--"

LOKI SCREAMED LOUDLY, RAISING HIS ARMS SKYWARD. "AND THAT IS WHAT I SHALL NOW ATTEMPT TO DO!"

DICK VAN BUREN
JOHN CELARDO
8-26-1329

UNBELIEVABLY, THERE WAS A SUDDEN AND THUNDEROUS ROAR-- AND THEN THE EARTH TREMBLED AND SPLIT INTO A DEEP CREVICE SEPARATING TARZAN FROM THE VIKINGS!

Abbie an' Slats®

by RAEBURN VAN BUREN

HAGGIS McBAGPIPE HAS BEEN CHOSEN BY HIS CLAN TO GREET THE GHOST OF OLD ANGUS McBAGPIPE!

WHAT KIND O' CHARACTER IS-- OR **WAS** THIS ANCESTOR O' YOURS, HAGGIS--NICE, EASY-GOIN' TYPE, HUH?

ANGUS McBAGPIPE WAS THE (SHUDDER) **MEANEST MAN** TO EVER WIELD A CLAYMORE, BATHLESS, AULD FRRRIEND...

DID I HEARRR **MY NAME** MENTIONED?

H-HELLO, UNCLE ANGUS. H-HOW ARRRE YE?

TERRRRIBLE! THE CURRRSE O' THE McBAGPIPES HAS RRROBED ME OF MY REST THESE PAST TWO HUNDRRRED YEARRRS.

IS THERE ANYTHING THAT CAN BE DONE FOR YE?

THERE **IS,** BUT (SIGH) **ONE** WAY I CAN GET MY RRREST-- AND THERRE'S SMALL CHANCE O' THAT HAPPENING!

THE FIRRRST TIME A McBAGPIPE COMMITS AN ACT OF **COWARRDICE,** I'M SET FREE! BUT **WHERE** CAN YE FIND A **COWARRD AND A McBAGPIPE** AT THE **SAME TIME?**

IF IT'S NOT TOO MUCH TROUBLE, UNCLE ANGUS, WOULD YE MIND TELLIN' ME **HOW** A McBAGPIPE **PROVES** HE'S A COWARD?

HE **PALES** WITH FRRRIGHT AND TAKES HEEL MERRRELY BECAUSE HE'S ABOOT T'GET HIS **HEAD SHAVED** WITH **THIS CLAYMORE!!** IMAGINE A McBAGPIPE FEARRIN' **THAT!!**

YOU THINKIN' WHAT I'M THINKIN' BATHLESS?

KEERECT!!

SOME WILL SAY IT WAS AN ACT O' COWARRDICE I'VE COMMITTED, AULD FRRIEND... OTHERRS WILL INSIST IT WAS AN ACT O' **CHARRITY!**

NO MATTER HOW YOU LOOK AT IT, HAGGIS--**YOU** WINDS UP WITH YER **HEAD**--AND THE OLD BOY GETS **HIS** SLEEP.'

I THINK I'LL ASK PHIL TO DROP OVER.

OH, PHIL--- WILL YOU CLEAN UP MY YARD TODAY?

FRITZI--- I'M TOO TIRED TO BUDGE

PHIL--- IT MIGHT INTEREST YOU TO KNOW THAT I HAVE A NEW NEIGHBOR

SHE'S A TALL BLONDE ABOUT 21 - QUITE A UNIQUE DISH IN HER CUTE PLAY SUIT - I MIGHT EVEN CALL HER A PIN-UP TYPE!

PIN-UP TYPE!

HEY, FRITZI--- WHERE IS YOUR PIN-UP NEIGHBOR?

CURLY KAYOE

by SAM LEFF-

TH' WINNER... AN' STILL WORLD HEAVYWEIGHT CHAMPION- CURLY KAYOE!!

PEPITO DIABLO GAVE YOU A MIGHTY ROUGH TIME TONIGHT- EH, CURLY?

THE TITLE ALMOST CHANGED HANDS OUT THERE, HAPPY! LET'S LEAVE THE BACK WAY... I WANT TO AVOID THE CROWD!

PSTT! THERE HE IS, BABY- GO GET HIM!

JUST LEAVE HIM TO ME, LARRY...

GOSH! ISN'T SHE WONDERFUL?

HEY, FELLAS- DID YOU SEE WHAT I SAW?

YEAH! CURLY KAYOE WAS KISSING THAT GORGEOUS ER- GIRL!

DO IT AGAIN, DOLL!

GLADLY!

?

WHAT'S HER NAME?

I'LL SETTLE FOR HER PHONE NUMBER!

SORRY, PALS- YOU'LL HAVE TO ASK CURLY!

8-26

LET'S GET OUTTA HERE!

WHO IS SHE?

SAM LEFF-

YOU'LL FIND OUT NEXT WEEK, CURLY.
